Date: 18 June 2026

PUBLIC ANNOUNCEMENT

Summer School of Astronomy & Astrophysics 2026

(A Comprehensive Training & Research Program)

Indian Space School is pleased to announce the **Summer School of Astronomy & Astrophysics 2026**, an intensive **online training and research program** designed to provide participants with a strong foundation in modern astronomy, astrophysics, observational techniques, scientific programming, and research methodology.

The 8-week program will be conducted from **12 July 2026 to 12 September 2026**, combining expert-led live lectures, hands-on coding sessions, practical data analysis, and guided assignments. During the final two weeks, participants will undertake a mentored capstone research project, culminating in the submission of a project report and presentation.

Participants who successfully complete the program and project requirements will receive a **Summer School Completion Certificate** and a **Project Completion Certificate**. Outstanding performers may also be awarded a **Letter of Recommendation**, subject to faculty evaluation.

Eligibility:

- Open to **Undergraduate (UG)**, **Postgraduate (PG)**, and **PhD students** who are currently pursuing or have completed their degrees.
- **Research scholars/Faculties/Lecturers** interested in these domains are also encouraged to apply.
- Participants must have a **laptop/computer and a stable internet connection** to attend online sessions and complete project work.

Application Process:

- Applications must be submitted through the official online registration portal.
- Applicants should complete the registration form before the closing date.
- The registration portal will automatically close once the available seats are filled.

Available Seats: 384 Seats

Program Duration: 6 -8 Weeks (Online)

Training Conduction:

The Summer School will be conducted entirely in online mode through live interactive sessions.

- Live expert lectures
- Recorded session access
- Learning Management System (LMS) access
- Course notes and study resources
- Weekly assignments
- Project mentoring
- Dedicated discussion community for announcements and academic support

The detailed academic schedule will be shared with all registered participants before the commencement of the program.

Date: 18 June 2026

PUBLIC ANNOUNCEMENT

Fee Structure:

Program Fee: ₹1,000/- per participant

The program fee includes access to live expert-led sessions, comprehensive learning resources, a dedicated Learning Management System (LMS), hands-on coding demonstrations, weekly assignments, personalized research project mentorship, project evaluation, and the issuance of certificates upon successful completion of the program.

The registration fee is non-refundable.

Research Project:

During the final 2 week, every participant will complete a guided capstone research project under faculty mentorship.

The project will include:

- Topic selection
- Data analysis
- Scientific report preparation
- Presentation of results

Successful completion of the project is mandatory for receiving the **Project Completion Certificate**.

Certification:

Participants who successfully complete the program requirements will receive:

- Summer School Completion Certificate
- Project Completion Certificate

Outstanding participants may additionally receive a **Letter of Recommendation**, based on academic performance and project evaluation.

Important Dates:

- Registration Window: 18 June 2026 - 1 July 2026
- Program Period: 12 July 2026 - 12 September 2026
- Apply Now: <https://indianspaceschool.com/#/summer-school-of-astronomy-astrophysics-2026>
